

The Complete Course on Budgeting

Course Venue: UK - London

Course Date: From 9 Aug 2020 To 13 Aug 2020

Course Place: London Paddington

Course Fees: 4700 GBP

Intorduction

This highly interactive course offers a theoretical background and also the practical tools and techniques necessary for the development of budgeting systems and their related functions. It will also provide opportunity for delegates to focus on developing and enhancing their knowledge and practical application of all the concepts, processes, and techniques involved in budgeting for optimal performance.

This course will assist individuals at every level in the organisation in their involvement in the budget process. Being 'user-friendly', it provides the practical skills for delegates to take back to their jobs, along with insights needed to adapt principles to specific work environments.

This course will feature:

- Strategic planning
- The budgeting planning process
- Forecasting techniques
- What if analysis and report generation
- Capital budgeting

Objectives

- Develop the appropriate techniques for effective budgeting as part of the planning process
- Design various budgeting models for all elements of a budget
